Fall Of Vyazma Is Reported Near

Russian Forces Pushing Drive To Take Vyazma

Capture Will Remove Last Threat To Moscow By Nazi Troops

NEW YORK HEARS EVACUATION STARTS

By NATALIA RENE
(C. N. S. Staff Correspondent)

MOSCOW, March 9.—

Crushing steadily closer to the Nazi-fortified city of Vyazma on the central front west of Moscow, Soviet forces today regained control of 20 more localities west of captured Gzhatsk.

They smashed their way forward west and southwest of Sychevka on the Rzhev-Vyazma railway where in one sector a large German garrison was surrounded and wiped out.

"West and southwest of Sychevka our troops continued to develop their offensive successfully," the high command announced at noon.

Remove Moscow Threat

The rapidly moving two-pronged Red army drive is designed to remove the last vestige of the Nazi salient which for 18 months threatened Moscow.

West of Rostov far to the south a German headquarters base was blown up when a Soviet patrol penetrated to the rear of the Nazi lines.

In the Donets Basin the Soviets repulsed a series of German counter-attacks southwest of Voroshilovgrad.

At the northern end of the southern front the Red army captured several strongly fortified localities west of Lgov, 50 miles west of Kursk.

The Soviet pressure on Vyazma put the big Nazi base of Smolensk

PA NEWC OBSERVES

Monday was a milestone in the life of James A. Jackamo, veteran employee of The New Castle News, composing room force. It was 43 years ago yesterday that he entered the old News building in Sycamore Way to become an employee of the Company. He has been on the job continuously ever since, aiding in the day by day production of this newspaper. Embarking on his 44th year with the company today, "Jimmie" is all set for many more years of fine service for the newspaper.

The nice part about all this cold weather is the huge fruit crop that will result next fall.

From reports reaching Pa. News today, quite a large number of New Castle and Lawrence county folks experienced the sensation of the earthquake last night. To a lot of folks it appeared that an explosion of some kind had taken place in the district.

Some war analysts believe that Japan may strike by sea and air to upset possible American offensive plans in the south and southwest Pacific areas.

Others, however, assert that henceforth Japan may attempt to hold its present gains while reinforcing other island strongholds to protect the enemy's holdings in the East Indies and the mid-Pacific.

Westminster May Train Soldiers

Westminster college has been listed as one of 52 colleges and universities approved for specialized war training programs by the Joint Committee for the Selection of Non-Federal Educational Institutions, it was announced today by U. S. Army officials at Washington.

U. S. Army officers are conferring with Dr. Robert F. Galbreath, president of Westminster college today, in regard to the matter, all plans for the present being purely tentative.

If arrangements are completed satisfactorily, it is expected that several hundred men will land on the campus early in April for army training.

Rotary Hears Of Red Cross Work

Program Of Lawrence County Chapter Is Outlined
At Luncheon Meeting Monday

TOLD HOW WORK HAS INCREASED

How the war has increased the work of the Lawrence County Chapter, American Red Cross, and similarly how the work of the national organization has increased, was explained to members of the Rotary Club by Miss Marguerite Potts, acting executive director; Mrs. John E. Elliott, director of Volunteer Services, and Harry Culliford, chairman of First Aid, at the club's noon luncheon meeting Monday.

Miss Potts explained what services are being rendered by the Home Service Department, assisting the families of men in the armed forces, and to the men themselves. She also talked about the blood donor service, and stated that a mobile unit from the Pittsburgh office is expected to be here during the coming month. Blood plasma furnished by the Red Cross and the use of sulfa drugs has saved the lives of a tremendous number of soldiers in this war, she stated.

Mrs. Elliott explained the work done by the volunteer services, which includes nurses aid, under the direction of Mrs. Harry L. Banks; production under Mrs. Harold Wharton; knitting under Mrs. Robert M. Garlands; surgical dressings under Mrs. Norman A. Martin. The entire fourth floor of the Wallace Block on the Diamond, has been turned over to the use of the Red Cross by Mrs. Wallace, where the surgical dressings are turned out. The cutting for garments is done at the Y.W.C.A. under the direction of Mrs. A. B. Fankouser, and the garments are sewed by units throughout the county. The Motor Corps is under the supervision of Mrs. John McIlwraith.

Mrs. Guy McCracken and Mrs. James M. Smith, Jr., co-chairmen of Staff assistance, home nursing is under the direction of Mrs. J. Glenn Berry; while Mrs. W. W. Duff has charge of nurses' recruitment for the armed forces, Mrs. Elliott explained.

Harry Culliford, chairman of first aid, showed how the First Aid program of the Red Cross "has grown since it was first organized, with 5,000,000 persons being trained and certified in Red Cross last year. In addition, the Red Cross has a program of accident prevention under George D. Reid, and life saving and water safety under Charles Brest. In Lawrence county, last year, 3,670 persons were given instruction in first aid by 140 certified instructors, in addition to which a 10-hour course was given to O.C.D. workers.

The speakers were introduced by Rotarian J. Glenn Berry, who is vice chairman of the Lawrence County Chapter.

Deaths of the Day

Dr. Frank Forrest Urey

Funeral services for Dr. Frank Forrest Urey, aged 70, who died at his home, 402 Laurel boulevard, Monday afternoon at 2 o'clock after a few weeks illness, will be conducted Thursday afternoon at 2 o'clock at the R. L. Boyd funeral home, North Jefferson street. Dr. J. McIlvaine, pastor of the First Presbyterian church, will officiate. Interment will be in Oak Park cemetery.

The Germans admitted in a raid broadcast that large fires were started in a town in southern Germany but failed to specify Nuremberg as the target. They claimed eight British bombers were brought down.

Radio transmitters over a wide area of the continent left the air as the RAF set out on its night mission.

The huge German Deutschland sender station was shut down at 10:20 p.m., along with stations at Breslau, Bremen and Luxembourg. Zurich and Basle in Switzerland had air alerts at 11:30 p.m.

Large forces of heavy bombers were heard crossing the English coast on their way to the continent during the night. An hour-long procession of bombers crossed across the channel shortly after dusk.

The night bombardment followed two heavy daylight raids by bombers of the eighth United States army air force against the U-boat supply base at Rennes and railway yards at Rouen in France. Daylight sorties also were carried out by RAF Mosquito bombers in northwest Germany and France.

Railway targets at Lingen, 50 miles northwest of Munster in northwest Germany near the Dutch frontier, and Aulnoye, near Valenciennes, and Tergnier, northern France, were hit by the Mosquitos.

EARTHQUAKE SHOCK OCCURS IN DISTRICT

(Continued From Page One)

Meadville Buffalo, Cleveland, Detroit and other cities were flooded with calls from startled residents. Reports here indicated that the tremor extended as far north as Ontario, Canada.

At the University of Pittsburgh, it was explained that the intensity of the shock could not be determined until late today when the seismograph is read.

Donald C. Bradford, who resigned a month ago as seismologist at Pitt reported however:

"It apparently was another slip of the old Timiskaming fault in the St. Lawrence valley. This fault has been quite active in recent years."

WHEELING, W. Va.—March 9.—Residents of northern West Virginia and western Pennsylvania reported today a slight earthquake that shook the region just before midnight last night. Beds were shaken sufficiently to awaken many citizens but no damage was reported.

DETROIT.—March 9.—The Detroit area was shaken at 11:27 last night by a brief earthquake which rocked hundreds of homes but caused no damage.

Telephone calls flooded police precincts and newspaper offices as frightened Detroiters inquired if the city was being bombed. The tremor, which lasted 40 seconds, was first recorded in the city since 1937, according to Prof. Dean B. McLaughlin, University of Michigan astronomer.

NEW YORK.—March 9.—The earthquake that shook northern West Virginia and western Pennsylvania was recorded on the Fordham University seismograph, officials reported today. The tremor was described as a "surface" quake. The first shock was recorded at 11:23:53 EWT and the second at 11:24:59.

to the north mean viable maintained aggressive patrol actions against Axis forces protecting the naval base of Bizerte and Tunis. The British forces scored several local gains in separated clashes.

American forces in the central battle area conducted patrol actions into the enemy lines while further to the south and west French troops occupied Redeyel, 35 miles west of Gafsa.

(The Nazi-operated Paris radio reported that violent engagements were in progress west of Gafsa.)

Other French units, according to front dispatches, are rapidly surrounding the town of Tozeur at the northwest edge of the Chott Djerdj salt lake.

Rommel's Losses High

Rommel's losses in his futile offensive against the Eight Army were termed high by headquarters spokesmen. Although there were no official figures on the German fatalities and casualties released immediately, it was announced that 33 of Rommel's tanks had been smashed. The British lost none. They employed mainly anti-tank guns and artillery against the assault forces.

Other Russian columns drove closed to Bryansk and closed in on Orel, Nazi bastion to the east. Eighty miles southwest of Orel, Soviet vanguard smashed westward of Sevsk in a drive to cut the enemy's retreat from Bryansk.

Stockholm dispatches to Reuters in London said tremendous battle was developing in the Smolensk area where Red Army columns were reported driving on the Nazi base from the north and east.

New York, March 9.—Evacuation of Vyazma, key rail center on the central front and last German stronghold on the crushed enemy salient before Moscow, was reported under way today.

German forces continue to evacuate Vyazma according to plan, the Nazi-controlled Jeloev radio of Norway said today in a domestic broadcast heard by the federal communications commission.

The Russians are continually attacking a retreating movement but it is now. They are being repulsed and are suffering heavy losses, the broadcast said.

No special snow trains are being operated by the Canadian National railways this season to winter sports centers in the Laurentian mountains, but regular train service will be available to ski enthusiasts.

Agriculture Department Announces Recognition To Be Made For Farm Effort

(International News Service)

WASHINGTON, March 9.—The Agricultural Department today announced a new program under which farm families who have enlisted in the 1943 food program plan will be awarded a certificate in recognition of their war work.

The certificate, which is 11 by 14 inches, is signed by Secretary of Agriculture Claude R. Wickard and certifies that the recipient is "enlisted in all-out farm war production."

Besides the signature of the secretary, the certificate has a department of agriculture seal in one corner and in the opposite corner a food for freedom seal.

VICTORY BIBLE CLASS
PLANS APRIL MEETING

April 2 meeting for St. John's Victory Bible Class members, will take place in the home of Mrs. C. R. Drake, Meyer avenue, with Miss Mary Ritter sharing as associate hostess.

Plans were made recently in the home of Mrs. A. W. Allsop on Beckford street, who had her daughter, Mrs. Cora Smith as co-hostess. The religious hour was the opening feature with Mrs. C. R. Thompson leading. It was planned to sew for Bundles for America.

Refreshments were served at a suitable hour by the hostess. Aiding throughout the evening, was another daughter, Miss Anna Allsop, and Mrs. Cooley.

Special guests included Rev. A. E. Simon, Mrs. Leonard Cooley and daughter Marilyn.

CURRENT EVENTS CLASS
ENTERTAIN ON MONDAY

A delightfully informal meeting for the Current Events class members took place Monday afternoon in the home of Mrs. Louis H. Gordon of Leavenworth avenue, hostess, at 2:30 o'clock.

Following roll call and a short business period, the time was spent in discussing current topics.

In two weeks Mrs. John Emery of 411 East Lincoln avenue will receive the membership in her home.

Party For Sherman Samuels

Mr. and Mrs. Maurice L. Samuels, of Leavenworth avenue, entertained Monday evening for their son, Sherman, who has been attending the University of Arizona at Tucson, but who is now spending a few days at his home prior to his departure for active duty with the armed forces of the United States. He was an enlisted member of the student reserve corps.

Thirty-five guests shared in the informal entertainment of the fare-well party.

The hostess was assisted by Mrs. Alec Samuels, Mrs. Charles Cushing, and Mrs. Max Groden, of Elwood City.

LADIES OF LIONS TO
HEAR DR. G. S. BENNETT

This evening Ladies of the Lions club will be received in the home of Mrs. George F. Winter, North Mercer street, at which time Dr. G. S. Bennett, pastor of the First Christian church, will be the speaker.

Dr. Bennett will give an illustrated talk on "Australia" for the local club.

Auxiliary Carr Honored

Auxiliary Anna Carr, daughter of Gino Carr of 14 Walter street, was honored at a surprise farewell party Saturday evening, given by her sister, Mrs. J. Million of the same address.

The evening was spent in card playing and conversation, after which a delicious lunch was served by the hostess and Helen Dudak.

At the close of the evening, Auxiliary Carr was presented with many lovely gifts. She left today for Daytona Beach, Fla., for training with the W.A.A.C.

E. O. W. Club Thursday

E. O. W. club will meet Thursday at the home of Mrs. John Kneil, East Washington street, instead of Friday, as previously announced.

The Parent Problem

By Garry C. Myers, Ph. D.

PROBLEMS OF MOTHERS INVOLVES PSYCHOLOGY

Some of the mother's problems with the tot would not be exasperating to her if she understood the psychology involved. For instance there's your 14-month-old tyke. You pull him on the nursery chair. No results. You put his diaper on again and immediately he's wet. You probably supposed the youngster did it on purpose just to vex you. But he did not at all. It just happened and may happen again repeatedly.

PROVED BY EXPERIMENT

In a series of controlled experiments, for example, it was found that if a bell rang always when meat was presented to a dog for a number of times, and then the bell rang without any meat within the dog's sight or smell, the dog's mouth watered, just as on seeing or smelling the meat.

Now do you have to be a dumb animal to have a similar experience. You walk along the street and discover that your mouth is very moist and then probably observe that you smell pleasing odors of cooking foods. Even pictures or alluring words and voices on the air can make your mouth water.

Originally, with the pup or person, food in the mouth set off the flow of saliva. Later experiences from enjoying food with various associations short-cut the response of the salivary glands and the mouth waters, even though the food is absent.

Returning to the 14-month-old baby. He was long accustomed to the diaper. It was part of the forces which set off his reflexes. Remove his diaper and he may not void. Put the diaper back on and he may. This is nothing to get angry about. The problem is to help this baby get new associations so he will use the nursery chair. Wholly abandoning the diaper is sometimes helpful to this end.

Some children who develop fears and anxieties over school will vomit at breakfast on school mornings or on the way to school. Be it noted here that a child may develop vomiting after eating as a result of poor chewing habits, especially if food is pushed into him. If the child never had food forced on him and was not annoyed by a parent while he ate, there would be practically no such cases.

My special bulletin on "Training on Toilet Habits" may be had without cost to you by writing me at 235 East 45th Street, New York City, enclosing a self-addressed envelope with a three-cent stamp on it.

Solving Parent Problems

Q. My three-year-old girl does not go to sleep well at night. Should I discontinue the afternoon nap?

A. No indeed: stick to the nap religiously until it is interrupted by school attendance. My special bulletin on sleep problems may be had by writing me as above, enclosing a self-addressed envelope with a three-cent stamp on it.

It's all right to feel independent, but it's not a good thing to make too much of a show of it.

Treating the other person as though they were as important as they feel they are is good manners.

CURIOUS CYNIC CANTS

Most successful politicians are second-raters who get by because their opponents were third-raters.

A woman likes to tell what she knows... a man likes to tell what he thinks.

That which will hurt a man's pride, he is slow to believe.

All work and no play makes jack a... for the doctors.

I pledge you that you and your children shall always have the rights of Free Enterprise and Individual Initiative... that you and they shall always have the educational and cultural advantages you are so gallantly fighting for.

I pledge you that the ones you left behind shall never go hungry and shall be properly fed and clothed.

I pledge you that we on the Home Front will see to it that you get the equipment, airplanes, armament, munitions and the food you need to win the war.

I pledge you that hate, greed, selfishness, intolerance, and bigotry shall not alter the American Way of Life.

I pledge you that your sacrifice and your valor shall not have been in vain... that you shall never sell apples on the street corner to earn enough to eat, that we shall be just as happy and glad when you return as we were tearful and sorrowful when you went away.

I pledge you that we shall preserve the rights of free labor and that you shall have a job of your choice ready and waiting for you when you return... that your right to work shall be free from coercion or intimidation... free from any political or communistic domination or usurpation.

I pledge you that the United States shall always be the same as it was when you left to fight for it... that you shall not have to fight for your rights all over again when you return.

The accomplishments at Washington are far ahead of the errors. There's method in the madhouse.

An old Persian proverb: "It takes

Now, as ever, the old copy-book maxim holds good, "Civility costs nothing and buys much."

Question: Is it permissible to give the bride a gift for herself, or must it be a joint gift?—D. F.

Answer: It is a social blunder to present articles suitable only for the bridegroom such as military brushes, cuff links, etc. Wedding presents are called "bride-gifts" and must be something for the bride and groom combined for their new home or for the bride personally.

The boys were griping about politicians son when up spoke a new voice behind them.

"I'm a politician's son," said the voice, "and I'm here in the army just like you ordinary guys."

The gang turned around to see who owned the voice, then said:

"Yes, Captain."

Yes, every man is an inspiration to some one. You may be yourself.

Compulsory Manpower Move May Be Endorsed

By PHILLIPS J. PECK

(C. N. S. Staff Correspondent)

WASHINGTON, March 9.—Administration endorsement of compulsory manpower legislation was anticipated today following President Roosevelt's action in asking a special five-man committee to explore fully and report on all phases of the manpower problem.

The necessity for taking a stand on this issue, already raised in congress by introduction of the Austin-Wadsworth bill, is believed to be the No. 1 task for the group headed by Economic Czar James F. Byrnes.

In anticipation of such a decision, possibly before the week is out, the Senate military affairs committee has postponed scheduled testimony by WPA Chairman Donald M. Nelson and Manpower Chief Paul V. McNutt on national service legislation.

Both Nelson and McNutt, however, have appeared before Byrnes' committee to present their estimates on the amount of manpower needed in agriculture, war industry and essential civilian pursuits and to give their views on a compulsory service law.

Seeks Legislation

It was learned that McNutt, although publicly proclaiming his intention to pursue voluntary methods, would like to have legislation empowering the government to draft men and women for war work to implement his present efforts to solve the manpower problem.

Various phases of the manpower problem, including the drafting of fathers and also the food situation and proposals to limit the size of the armed forces was scheduled to be debated in the Senate today with the "farm bloc" moving for consideration of the Bankhead bill to defer induction of farmers.

Informed quarters revealed that WMC officials have two major ob-

The Great Game Of Politics

(Continued from Page Four)

ections to the Austin-Wadsworth bill. McNutt and his aides are said to feel that:

1. Registration, classification and drafting of men and women for war work should be handled by the United States Employment Service, instead of through local draft boards as provided in the Austin-Wadsworth proposal.

2. The Austin-Wadsworth bill places labor union iron-clad controls, virtually wiping out an individual's freedom to quit a job, while failing to exercise controls over employers to prevent abuse under such a setup.

SURELY NO one can review this record and question that today Mr. Roosevelt is an active candidate for a fourth term. As to his ability to get the nomination, the great weight of the Administration machine, the power of the political bosses, such as Kelly and Hague, with whom he is allied; his own prestige and popularity, the argument that whether the war is over or not, he is in the "indispensable man," plus the inability of the Democratic opposition to center upon an outstanding candidate—all these things seem to insure a renomination. But, the election is a different story. Renominated he almost certainly will be, but that will not alter the fact that the opposition to him within the party is far greater now than in 1940, and far less appeasable.

NOW WILL it alter the fact that last November the tide upon which the New Deal had ridden through five elections definitely turned and, normally, should be running more strongly next year than last. Also, there is the inevitable accumulation of resentments engendered by twelve years of power, added to the irritations over Governmental restrictions, rationing and regimentation, essential though they are. And then, there are taxes—and other things. Add all this up and it is easy to understand why so many Democrats as well as Republicans are convinced that the fourth-term candidacy is a bad gamble. Perhaps, the doctrine of indispensability will again carry the President through. Perhaps, Republican stupidity will offset his list of irritations. Perhaps, the popular feeling he is the one man to finish the war, if it is still on, or the one man to bring the peace, if victory has been achieved, will be strong enough to nullify every handicap. But a good many experienced politicians do not think so. In any event, the character and caliber of the next Republican candidate is clearly of the first importance.

AMONG THESE have been some notable appointments made to

please the bosses of the political machines in Illinois, New Jersey and elsewhere, which supported the third-term movement and will support the fourth one. Also, the President has handed out a number of important jobs to lame-duck New Deal Senators and Representatives, defeated in the last election but still politically influential in their States. Also, there is the continuation of the political link between the President and the CIO labor leaders, preserved intact by the consistency with which the former has stood in the way of restrictive labor legislation by Congress. And, finally, there was the political conference at the White House a few days ago with Chairman Walker and other committee members who told him how necessary it is that he run again, and after which Mr. Walker's plans for going around the Calhoun of Virginia.

REV. CLYDE ROLAND, pastor of the Madison Avenue Christian church, performed the ceremony.

Attending the bride was Miss Alice Crum.

ARVO J. TORKKO, of Fairport Harbor, Ohio, was best man.

Mr. and Mrs. Calhoun continued on an extended trip to New York City and Washington, D. C.

Mr. Calhoun is in the employ of the B. and O. Railroad, as a brakeman.

OPPORTUNITY CIRCLE PLANS FOR PRESBYTERY

Members of the Opportunity Circle of the Mahonington Presbyterian church, met over the weekend at the home of Mrs. E. C. Hubbard, of 502 West Cherry street. Mrs. Joseph Beard and Mrs. William Joseph Beard were co-hostesses.

Devotions were in charge of Mrs. George H. Cook.

Plans were made for entertaining the Presbytery, to be held at the local church, March 31; also to attend the World Day of Prayer, March 12.

The topic for discussion was "Japan," led by Mrs. Arthur Maud and Mrs. G. H. Scheidemantle. Lunch was served by the co-hostesses.

BIRTHDAY CLUB AT MRS. GEORGE HUFF'S

Members of the Birthday Club were the guests of Mrs. George Huff, of North Cedar street, when she entertained at a dinner party in her home over the weekend.

Dinner was served at 6:30. A vase of red roses formed the table centerpiece. Harriet Kennedy assisted the hostess in serving.

Games of contest were the diversion of the evening, with prizes being awarded to Mrs. Sally Deegan, Mrs. Hugh Stewart, and Mrs. A. F. Stritzinger.

The next regular meeting will be at the home of Miss Sue Park of 205 East Cherry street.

TORSELLO-QUARTO NEWS

At the Madison Avenue Christian church, Mary Torcello, of 240 South Wayne street, and Anthony Quarto of 523 West Cherry street, were united in marriage on Saturday evening at 8 o'clock.

REV. CLYDE ROLAND, the pastor, performed the ceremony.

Mr. and Mrs. Sam Domenick were the attendants.

Mrs. Quarto is employed at the Universal Sanitary Pottery Company plant.

Mrs. Petri Ricci and daughters, of Ellwood City were guests at the wedding.

Mr. and Mrs. Quarto will reside at 523 West Cherry street.

MONTHLY MEETING

Air raid wardens of the second district will have their regular monthly meeting Thursday evening from 7 to 7:30. This will be followed by the first aid instruction class, taught by Mrs. Virginia Cook Brown.

BOOKS FOR SERVICE MEN

In the second district of the ward, the Air Raid Wardens are collecting books for the men in the armed forces. Folks may leave books at the post, 926 North Cedar street, or telephone 1307-J, and they will be called for.

PARTY POSTPONED

Members of the Christopher Columbus Auxiliary party planned for this evening, has been postponed until March 20 in St. Margaret's hall, North Liberty street. Further plans will be made.

WARDEN SCHOOL BEGINS

On Monday evening, the Air Raid Warden Training school began, when it met at the Post, on East Cherry street, Mrs. Nancy Tharner, instructor. The class is still open for registration, and will meet Monday evenings at 6 o'clock.

ON FURLough

SUDER-CALHOUN WEDDING NEWS

An unusual wedding ceremony took place Monday evening, aboard a Baltimore and Ohio Railroad train, enroute to Pittsburgh, when Ruth Elizabeth Suder, daughter of Mr. and Mrs. H. L. Fry, of Newell avenue, became the bride of Robert Calhoun of Virginia.

REV. CLYDE ROLAND, pastor of the Madison Avenue Christian church, performed the ceremony.

Attending the bride was Miss Alice Crum.

ARVO J. TORKKO, of Fairport Harbor, Ohio, was best man.

Mr. and Mrs. Calhoun continued on an extended trip to New York City and Washington, D. C.

Mr. Calhoun is in the employ of the B. and O. Railroad, as a brakeman.

The conservation involves more than careful driving, proper inflation and regular inspection. To save tires, have wheel alignment checked often.

Consequently aviation immediately "took" down there with a bang.

From the Rio Grande to northern Patagonia air transport was about the only passenger and small-freight vehicle of long-distance transport long after we northern and European folk continued to rely chiefly upon choo-choo cars and autos.

Those Latin Americans were air-minded at least a decade ahead of us.

Africa and Asia were skimpy on surface facilities also, but they did not need them as urgently as Latin America did.

Latin America hustled accordingly. To be sure, it has not our total volume of aviation, but it has more than our proportion of it in actual civil operation. It might be more in military operation also, if called on to utilize it militarily.

Senator McCarran, though, discusses the proposition civilianly.

He is discussing our status after the war.

The Senator's complaint is that the two issues are being mixed together.

POST-war is what he is talking about.

Brazil, he says, is mindful already of post-war aerial prospects, and we are neglectful of future calculations.

Internationalism is involved in it, on a aerial scale.

Senator McCarran sees it western hemispherically versus elsewhere.

So apparently, does Vice President Wallace. The v. p. is not quite as outspoken as the senator, but he does not miss it much.

Ultimate aviation is what they both are figuring on.

Apparently air power is what the ultimately world must figure on militarily and commercially.

It seems to be destined to be the deciding factor, anyway.

KEEP YOUR CAR UP TO PAR WITH STUDEBAKER SERVICE

Some day that's what you'll be saying . . .

and boy!

what a gas water heater it will be!

* Tomorrow's gas water heater is on the drawing-boards

Not only tomorrow's Gas water heater . . . which will surpass the last ones off the production line in efficiency, beauty and economy . . . but the whole idea of better hot water service for your home is on the drawing-boards.

Right now water heater factories are making munitions. The metal they formerly used is going into guns, tanks, planes and other war equipment. Late-type modern Gas water heaters are still available in dealers' stores under Government priority restrictions, but no new ones are being made until the end of the war.

Water heaters will be even better in appearance, more efficient, more adaptable to family hot-water needs . . . with longer life, less corrosion, greater safety . . . capable of giving temperatures more deadly to bacteria.

Buy it with war bonds—today!

You can't buy this post-war Gas water heater today, of course. So please be patient. Meanwhile, buy War Bonds to achieve victory sooner—and use them later to acquire this post-war Gas water heater and other Gas appliances for your home.

Reunion**

Plans are progressing nicely for an unusual and interesting event—an "Olde Tyme School Night" which will be observed for the first time in history by the Thaddeus Stevens school, on Friday evening, March 19. President Paul McGaffie has promoted this undertaking.

On the night of March 19, all former teachers and students who attended the school between 1888 and 1920, will gather for the program. As in olden days the "School Days" program will be launched with a half hour of class, beginning at 7:30 o'clock, with sessions in each room and a teacher presiding over each group. A general assembly in the hall will follow as observed in yester-year, states program chairman Howard Reynolds. He has planned something interesting for every minute of the evening.

Co-chairmen of the teachers reception committee includes Mrs. Humphrey Richards and Joe Leyde. They report that teachers have responded enthusiastically, and are planning to be present. Mrs. May McGaughay Rees will be principal for the evening.

Chairman of the membership committee is Mrs. Sarah Druschel Carson. Those serving in the capacity of chairman for their respective years are: 1898—Mrs. Olive Glasser Marshall; 1904-12-13, Mrs. Zella Wimer Richardson; 1909-10; Mrs. Ruth Barnett Gibson; 1914-1908-1907, Mrs. Olive Lutz Richards; 1915-16-17, Miss Elizabeth McFarland; 1911-18, Mrs. Agnes Kennedy O'Neill; 1899-1901-02-03, Mrs. Nancy McGaughay Miller; 1905-06, Mrs. Isabelle Hanna McKee; 1919-20, Mrs. Sara Druschel Carson.

Student's reception committee chairman is Bart Richards.

War Production Will Reach Peak Late This Year

Slackening Of Employment
Will Follow, Due To In-
creased Efficiency

(International News Service)
WASHINGTON, March 9.—The vast war production program on the United States will reach a peak late this year and will be followed by a slackening of employment, War Production Board Chairman Donald M. Nelson told a Senate appropriations committee in hearings released today.

"In October, November and December will be the peak of our industrial operations, and then it will level off," Nelson said.

Asked if demands for manpower would decrease, Nelson replied:

"It will not be so great, and, as it levels off, there will be a slackening of employment, because there will be greater efficiency."

He said the WPB is counting upon a steady drop in the number of man hours required to produce airplanes.

"Industry generally is improving efficiency in the production of war goods as both management and labor become more familiar with it," he explained.

Admitting that the nation faced a hard problem in manpower, Nelson declined to become excited over the current problem of production of food.

"It is one of the things that has to be worked out," he stated. "It can be worked out. The ingenuity of the Americans, the ingenuity of the farmer, the ingenuity of every body has to be brought to bear to work out the job."

Among problems which must be faced, he said, included a shortage of steel and new demands for lend-lease materials.

Marine Describes Savo Island Fight

Battles Fire Aboard "Vincennes," Is Wounded, Adrift
In Sea Seven Hours

By GENE WARD
(Marine Corps Combat
Correspondent)

(International News Service)
PEARL HARBOR, March 9.—Private First Class Joseph R. Tomano, United States Marines, of Pittsburgh, tells a story of the battle of Savo Island in which he was wounded by shrapnel, fought fire on shipboard, and then spent seven hours adrift in the sea.

Private Tomano played his part in the action aboard the Vincennes, one of the cruisers lost.

"First brought the order to abandon ship," the marine related. "Explosions rocked the compartment forward of me and one to the aft. Then a shell crashed through the bulkhead where I was, started a fire."

"I began to battle it. I went topside just as another shell ripped through the deck. I felt a sharp pain in my right thigh. Reaching down I touched something red hot."

What he felt was the jagged edge of a piece of shrapnel. He pulled it out himself. At the order "abandon ship" he leaped over the side and clung to a raft until rescued.

"Watching the ship go down by the light of the fires as I clung there helplessly in the sea, really got me," the marine declared.

"There was a lump in my throat. I had been aboard her through two other battles."

Governor Scores "Passing Buck" In War Effort

(International News Service)
HARRISBURG, March 9.—"This is not the time for soft talk or passing the buck," Gov. Edward Martin asserted Monday.

"Every American must act like he expects his boys to act on the front line," he told members of the Rotary Club at their weekly luncheon meeting.

"Every Pennsylvanian must perform his full duty," he added. "The time has come when men, women and children must get out on the farm... If the crops in America isn't good this year men in the war will suffer."

Police Receipts For '42 Total \$16,734.36

Of This Amount Mayor's Court Draws \$15,383.00 In Fines, Forfeits

City Controller Sidney L. Lockley has completed an audit of 1942 accounts of the city reported to council at a formal meeting Monday. His report was accepted and filed. Annually the controller is required to make such an audit and report because of state law.

Lockley reported the total receipts and balances for 1942 amounted to \$937,766.34.

Police department receipts totalled \$16,734.36 of which \$15,383 were fines and forfeits.

Six hundred and twenty-seven dollars were paid by operators of dance halls or restaurants in which dancing was permitted last year.

Apparently the sound car method of advertising isn't so hot. Only six permits at \$5.00 each, were given out in 1942.

Sealer of weights and measures collected \$130. This was paid by coal dealers for a license.

The engineering department collected \$4,384.42. Of this sum \$3,246 was paid for filling street excavations.

Plumbing Inspector Busy

Milk permits, rubbish permits and restaurants' licenses brought the city only \$79.75. Only 89 fifty cent permits were issued to restaurants.

The plumbing inspector of the city collected \$1,213.75 and turned over to the city \$849.94 after retaining 30 percent as part salary.

Relative to the plumbing inspector's report and audit by Lockley, it might be explained that plumbing permits amounted to \$1,138.25 of the amount.

Receipts for Cascade Park amounted to \$6,893.04. Of this amount \$1,220.50 came from the dance hall (\$600), peanut stand, boats, restaurant and skee ball concessions.

Incidentally 22,034 rode the merry-

go-round, 22,140 bumped cars on the Dodge'em and 17,428 bathed in the pool. Playland drew 1,910.

The golf course did less business, \$4,080. However, 5,795 teed off at Sylvan Heights. One hundred and fifteen season memberships taken out were not full paid for and were cancelled by the course manager.

Grannis Receives One-Year Sentence In Federal Court

New Castle Man Pleads Guilty To Charge Of Failure To Report For Draft Exam

(International News Service)

PITTSBURGH. March 9.—Eleven men were given prison terms in federal court Monday after pleading guilty to various violations of the selective service law.

They were:

Failing to keep draft boards advised of their whereabouts:

Robert Guy Smith, Oil City, three years; Joseph Novak, alias Yanowik, Washington (Pa.), 18 months; Walter Riddle, Davis, Pittsburgh, 18 months; Frank P. Hoy, Erie, 18 months; William D. Haas, Greenville, Mercer county, three years; Joseph L. Sobolak, Arnold, Westmoreland county, five years.

Haas and Sobolak entered additional pleas of theft of motor vehicles.

Failing to report for physical examinations:

Clarence E. Grannis, New Castle, year and a day; Otis Leroy Palmer, Homestead, three years; Chester McPhail, Aliquippa, 18 months.

Failing to register for the draft:

John B. O'Neil, Pittsburgh, 18 months.

The nation's domestic airlines during October, 1942, smashed all existing monthly records for the amount of air express poundage carried.

MANY WOMEN OFTEN WEAK FROM MONTHLY LOSS OF IRON

Here's One Of The Best Ways To Help Build Up Red Blood!

You girls who suffer from simple anemia or who lose so much during monthly periods that you feel tired, weak, "dragged out" due to low blood iron—Start today by trying Lydia McPhail's famous Lydia Pinkham's Tonic. It is the greatest blood-iron tonic you can buy. It helps build up red blood to give more strength and to promote a more robust bloodstream—in such cases. Take it as directed by McPhail's. Tablets are only the very best and quickest home way to get precious iron into the blood. Just try them for at least 20 days—then see if you, too, don't benefit. Follow label directions.

FAVORS FREEZING UNIONS' STATUS IN WAR PLANTS

(International News Service)

WASHINGTON. March 9.—Roger Williams, president of the North Carolina Shipbuilding Co., told the Truman committee on Monday that the status of unions in war plants should be frozen for the duration.

"Management is losing too much time running to labor relations trials, which is affecting both production and morale," Williams said.

Williams was one of several of the country's largest and most efficient producers of naval craft to appear before the committee in its inquiry into the manpower problem and absenteeism.

New Ruling On Aviation Cadets

Youths From 17 To 26 Years
Permitted To File As
Volunteers

WILL RECEIVE
AID FROM V. F. W.

Although no official announcement
has been received locally, according to Earl B. Cummins, chairman of the Aviation Cadet program of Neshannock Post, No. 315, V. F. W., the War Department at Washington has stated that youths between the ages of 18 and 26 years will be permitted to volunteer for induction as Army Aviation Cadets.

The backlog of several thousand cadet reservists, qualified enlisted men, and 17-year-old volunteers who have now reached their 18th birthday have been called into active training. That means that the Army Air Force has no more aviation cadets in reserve.

All future aviation cadets will be accepted solely on a voluntary enlistment or induction basis, it is stated. Those 17 of age may enlist, while those who are older will be inducted.

An attractive training program is offered those who wish to volunteer for aviation cadets. Cummins states, Classes in mathematics and physics under the training of Prof. George Hockenberry are being conducted at the Senior high school, and radio code classes are held in the post rooms, at 126 East Washington street, under the leadership of Rex Patch and Jesse Kerr. The V. F. W. will prepare candidates to take their tests and give them all necessary information free of charge. The post has helped over 200 boys get into the Air Service and they are nearly all going to colleges somewhere in the U. S. A. learning to be pilots, bombardiers, and navigators. The V. F. W. is doing this as their share of "Win the War Effort," at the request of General Henry Arnold, Chief of the Army Air Forces and with the approval of the War Department, War Manpower Commission, and Selective Service Department.

Youths who are 17 years of age will be prepared for their examinations, which if they are passed, will result in the cadet being sent home as an Army Air Force Reserve, subject to call for active duty within six months after reaching his 18th birthday.

Those from 18 to 26 will be prepared for their examinations, which is passed, will result in the candidate being sent direct to a technical command training center for basic training, graded as a private, he will then be sent to one of the selected colleges for courses of 60 hours each in history, English, geography and mathematics, along with 180 hours of physics. Air force officers will give instruction in drill, military discipline, customs of the service, and physical training.

Candidates failing to pass the air force examination may volunteer for induction as air force privates or return home to await induction into other branches of the service.

Further information may be secured by calling on Wednesday evening at Neshannock Post headquarters, 126 East Washington street, on Wednesday evening between 8 and 10 o'clock.

The meeting closed with prayer by Captain Carl Andreassen.

At the next meeting on April 5 at 10 a.m. in the First Presbyterian church, a Lenten program will be presented with Rev. Oliver W. Hurst in charge. Meetings of the association are now held only once a month and a half hour earlier.

Local Soldier In Pacific Area
Says Men Are 'Book
Starved'

During the early part of the year, when it was still permitted to send packages to men serving abroad with the army, a former local resident, Max Aronson, now with the U. S. Army somewhere in the southwest Pacific, ordered several dozen volumes of new current books and classics from a local bookseller.

It took nearly six weeks for the books to reach him, but in a letter written February 15 he expresses his pleasure at getting them.

He says the expression "book hungry" soldiers is "hitting the nail on the head squarely" but "book starved" is even more nearly the situation.

"I do not plan to keep most of the books," he writes. "There are book hungry soldiers all around me. Believe it or not, I'm willing to wager that the U. S. Army is the readingest army in the world. It's not a question of what they read, mind you—everything from 'skin magazines' to the classics—but that they'll read anything that comes to hand, or at least tackle literature unfamiliar to them."

He is firsthand evidence of the need for books among the men in service—a need that the victory book campaign is working to fill. But there is still need for books—more books—for camps, U. S. O. recreation rooms in cities, camps and home ports.

Lawrence county has been asked to give 2500 good books to the 1943 victory book campaign, many of which will go to the library at Camp Shenango replacement center. To date less than half this number have been taken in at the public library, the local collection center. More readable books are wanted—1500 still—for the VBC.

Until 30 years ago Spanish mackerel (now known as Florida mackerel) had no commercial importance and was scarcely known in the early history of the United States. It is now one of the most highly prized of fish foods.

Three tons of jewelry dies, originally costing over \$250,000, were contributed to the scrap drive by a manufacturing jeweler in New York City.

Garden Hints

This is the month fruit trees should be pruned. Remember to remove branches which rub against one another as well as broken or dead branches.

Fruit trees, berry bushes or strawberry plants set out last fall should be checked carefully at this time to make sure they have not partially heaved out of the soil. Firm them back in immediately to prevent further damage.

Plan now to feed the land which in turn is to feed you. Even though good crops can or may grow without the use of fertilizer, the yield will be considerably smaller than that from land which has been properly nourished.

Before the busy outdoor work of spring begins, check over your garden tools. Be sure to clean them of rust. The handles on some may need tightening to the heads. Others probably will need sharpening.

Parsnips and salsify (often called vegetable oyster) which have been left in the soil over winter should be dug now before they begin to grow again. Store them in a cool cellar.

While the vegetable area which is to be planted this season should be spaded early and deeply, much future work and worry will be avoided if sticky clay is not worked when it is wet.

**MINISTERS HEAR
REVIEW OF BOOK**

Important Announcements Are
Made At Ministerial As-
sociation Meeting

"That Other America", a mission study book, was reviewed in a most interesting manner for the New Castle Ministerial Association by Mrs. F. L. Lortz when that group met Monday morning in the First Presbyterian church. Mrs. Lortz, who was given a unanimous vote of thanks following her address, was presented by Dr. J. J. McIlvane of the program committee.

Yesterday's meeting opened with prayer by Dr. Burr R. McKnight, Rev. R. B. Withers, the secretary, was instructed to send greetings for the association to the Pittsburgh Ministerial Association on behalf of the Rev. Sidney K. Bliss, former pastor of Central Christian church here who is now in that city.

Rev. J. Calvin Rose reported for the committee on evangelism. The committee is to proceed on its own initiative in arranging Holy Week services and will present the plan at the April meeting. Rev. Clyde Roland announced the leadership training school to begin March 15. The president, Dr. D. L. Ferguson, was authorized to appoint a park service survey committee which is to report at the April meeting.

Announcement was also made by Rev. U. S. Muncrief of the presentation of "Wings Over Jordan" at the Cathedral on April 16, sponsored by the Second Baptist church. On motion of Dr. McIlvane, the association moved to support as much as possible this presentation.

Rev. W. A. Thornton then reported on the matter of the Victory Book Campaign and an action of the association is to be made March 14 in the churches of the city and the collection of books made on March 21. Some of these books are to be sent to Transister.

The meeting closed with prayer by Captain Carl Andreassen.

At the next meeting on April 5 at 10 a.m. in the First Presbyterian church, a Lenten program will be presented with Rev. Oliver W. Hurst in charge. Meetings of the association are now held only once a month and a half hour earlier.

ORDER MENTAL EXAM
FOR PAYROLL ROBBER

PHILADELPHIA, March 9—

Judge Louis E. Leventhal on Monday ordered a psychiatric examination of Peter Munchello, 24-year-old father of two who admitted robbing the secretary of the Lovely Lady Comfort Co. of a \$1166 payroll.

Judge Leventhal said he would pass sentence after the examination is made. He ordered the test when he learned that Munchello had a good record. All but \$166 of the loot was recovered.

**LOCAL QUINT AIMS
FOR 12TH TRIUMPH**

(Special To The News)

NEW WILMINGTON, March 9.—Having split their two game series this season, Westminster and Allegheny tonight will settle their basketball feud in rubber game at the Shenango Replacement Center, Transfer.

The meeting between the two districts has been arranged by army officials to open the newly constructed court and provide entertainment for the soldiers at the Shenango camp.

Surprise Titans

Both teams won their home engagement. In the season's opener the Gators sidetracked the Titans in a surprise 45-43 upset. The Blue and White cagers evened the score by running the Gators season finale two weeks ago 63-55.

Allegheny completed a successful season, copping nine and losing three. The Titans, who close their season against the Erie Coast Guard, Friday, March 12, have compiled a 11 and record.

Jones May Start

Decided on the starting five, Coach Washabaugh may string along with the same players who faced Wash-Jeff. Wagner and O'Hara will then take care of the forward assignments, while Captain Fred Miller handles the pivot slot. Tom Weeter and Jim Barron will open at the guards. However, Tom Jones may start in Wagner's place, while Ossoff may return to his old guard position and relieve Weeter.

**Hutchinson-Shapiro
Fight Second Draw**

(International News Service)

PHILADELPHIA, March 9.—Jimmy Hutchinson, spunky Quaker City lightweight, and Maxie Shapiro, of New York, divided a split decision between them again today, for the second time in three weeks.

When the draw was announced after the 10-round bout at the Arena last night, the 7,000 fans lustily cheered Maxie almost to a man. It was nearly a repeat performance of the match three weeks ago except that that time the spectators gave their plaudits to "Hutch."

**Sportsmen's Club
Will Meet Tonight**

Members of the Lawrence County Sportsmen's association will meet in the Veterans of Foreign Wars hall, East Washington street, to-night at 8 o'clock.

Movies will highlight the program. Refreshments will be served at the conclusion.

STOCK MARKET TREND IS LOWER

Fairly Heavy Profit-Taking Is Evident In Market Trading This Morning

(International News Service)

NEW YORK, March 9.—The stock market turned soft today under fairly heavy profit-taking. Losses generally were limited to fractions but a few special issues were down 1 to 2 points.

Steels were among the weaker issues. Bethlehem dropped a point while U. S. Steel lost about as much. Others in the group gave up large fractions.

Liggett & Myers "B" turned 2 3/4 points to 65 1/2 before meeting support, and U. S. Gypsum was down 2 1/4 points at 63.

Union Pacific, American Can and Union Carbide were among the representative stocks to slide a point or more.

A handful of shares displayed a relatively steady tone, including Texas Co., American Telephone and Warner Bros.

Catholic Churches Will Observe Lent

Lent, one of the most important seasons of the liturgical year, begins in the Roman Catholic church on Ash Wednesday, March 10, and will be observed by all Catholics.

With the four Sundays of Lent and Passion and Palm Sunday deducted, there are only 36 penitential days in the six complete weeks of Lent, so that in order to obtain the full number of 40 days the four days preceding the first Sunday of Lent are added, thereby making the Lenten season begin on a Wednesday.

Lent divided itself into two parts. The first commences on Ash Wednesday and ends on Passion Sunday. The second and more solemn part extends from Passion Sunday until noon of Holy Saturday, the end of Lent. These two weeks, termed "the great fortnight," are called Passion time. The many changes in the liturgy in Lent serve to show the mind of church that the spirit of penance has become more intense in this season. The solemnization of marriage is forbidden. The liturgical color is purple, the sign of penitence. Altars remain bare of flowers and decorations. Except for the fourth Sunday in Lent and before the Gloria of the mass on Holy Thursday, and after the Gloria on Holy Saturday, the organ is silent, nor is any musical accompaniment allowed, unless necessary to support the singing. Most pronounced, however, are the changes in the celebration of the Lenten mass. Purple vestments are used. The Gloria and Alleluia are suppressed. Special prefices are said, one for the first part of Lent, another for Passion time. A prayer is added after the post-communion oration, called the "Prayer Over the People," beginning with this

call to humility: "Bow down your heads before God."

That Lent should be a 40-day fast seems to have been influenced by the Biblical examples of Moses, Elias and most particularly Our Lord. Moses fasted for 40 days on Mt. Sinai in the desert; Elias on Mt. Horeb and Our Lord prepared for His public ministry by fasting 40 days in the desert.

The English word Lent coming from the Teutonic word for spring, actually carries no indication in itself of a season of 40 days as do the Latin term and its derivatives in other languages. Though the spirit of Lent has remained always one of penance through prayer and fasting, the severity of the observance of the Lenten fast has suffered its changes.

Regardless of how well one is capable of observing the externals of the Lenten penance, the spirit of Lent still persists to remind one of the necessity of penance for sin to make effective in the sinner the work of the redemption.

This year due to the difficulties arising from war regulations, the Lenten rules for Catholics have been somewhat modified, and the new regulations follow:

The faithful of the Diocese of Pittsburgh are hereby dispensed from the Lenten fast. The law of abstinence continues to bind.

The use of flesh meat is forbidden on Wednesdays and Fridays in Lent or Ember Days and until noon on Holy Saturday, except where its use is permitted by virtue of the special indulgence which follows.

Men serving in the army or navy are allowed meat on all days of the year, except the Vigil of Christmas, Ash Wednesday, Good Friday and the forenoon of Holy Saturday. All types of entertainment are prohibited during the Lenten season. The custom of abstaining from intoxicating drink in honor of the Sacred Heart of Our Lord is recommended as a means of penance.

If there are special instructions and sermons during Lent, the time for making the Easter communion in this diocese will date from the first Sunday in Lent, March 14, and continue to Trinity Sunday, June 20, inclusive.

The Catholic churches of this city start the observance of the Lenten season on Wednesday and throughout the season, special services are arranged, including speakers.

The acting secretary declined to disclose why the shipments have been suspended. In other authoritative quarters, it was learned that the move has been prompted by the stubborn attitude of Admiral George Robert, high commissioner of the French West Indies.

The French admiral has failed to show any willingness to help in the liberation of France. He has refused to join either the fighting French movement of Gen. Charles DeGaulle or the French North African forces of Gen. Henri Giraud.

He also has refused to make available to the United Nations a number of French merchant ships, including several tankers, which have been lying idle in French West Indies waters for months.
